NEOPRENE SEAT COVERS

NOW AVAILABLE AS COMPLETE SETS

Custom fit Smittybilt Neoprene Seat Covers provide an extra layer of protection and style for those looking to either refurbish old, worn seats or help keep new ones in pristine condition – all at an affordable price. Previously sold individually, these neoprene seat covers are now available as a complete set.

Each cover is 100% neoprene – not just front panels like other brands – and provide a custom fit for all Jeep Wranglers, including the seat design revamped in 2013. Front seats come in pairs and the matching rear cover features a center section that is padded and pleated for comfort. They are easy to install with no tools required.
